### Testimonial letter for Likhaya Xanywa

I am pleased to highlight the contributions of Likhaya Xanywa during 2024. Since the start of this year, Likhaya has taken on a leading role in organizing various CIOB events. One of the standout events was an open day that he organized in collaboration with industry partners, allowing his peers to engage directly with professionals. This event was a significant success and required detailed planning and coordination.

Likhaya has also played a crucial role in assisting with the Mentorship Speed Dating event held at the Cape Peninsula University of Technology (CPUT), as well as the CPUT Open Day at Oasis Life, which was done in collaboration with industry partners. Furthermore, he actively participated in the execution of the 2024 Members Forum, as well as ongoing CIOB meetings.

This year Likhaya has contributed 90 hours to CIOB initiatives, and with one more event planned, his impact on the organisation and its members continues to grow. His dedication to advancing the built environment community remains exemplary

Please feel free to contact me if you require any further information.
