Re: Practical Training of Mr Likhaya Xanywa

Dear Mam,

Thank you for the opportunity to assist in the training of Mr Likhaya Xanywa. We found him to be very punctual, and willing to learn.

During the two weeks he was with us, Likhaya , shadowed one of our project managers for approximately 45 hours. During this time Likhaya was a keen learner and was able to execute tasks given to him punctually and accurately.

During the 2nd week Likhaya was on site for approximately 49 hrs and made a team leader for a couple of tasks. He showed leadership and composure in the site environment.

We would like to wish him well in his studies and hope to assist him again in the further should he require more practical Training.

Kind Regards,

Tim van Oosten
BEng (Cicvl)
Manager
